

## UPRT Introduction Course

### Introduction

UPRT requirements stipulate how the training is to be conducted at various levels by commercial air transport operators and approved training organisations. It has been increasingly difficult and complex for operators to navigate through the regulations and to develop a training plan for flight crew members.

### Course Content

- ✦ Rulemaking progress related to FCL and OPS
- ✦ Flight fundamentals explained from the pilot's perspective
- ✦ Causes of LOC-I accidents and incidents
- ✦ Human Factors related to Aeroplane Upsets
- ✦ Guidelines for Training Programs
- ✦ Assessment and suitability of FSTDs
- ✦ Defining the training envelope

### Learning Objectives

- ✦ This course will support delegates to understand UPRT from the regulatory framework aspects and will help to implement suitable training in their organisations.

### Target Group

- ✦ Training Managers
- ✦ ATO HTs
